PRESENTATION

1. OLD BUSINESS

This is a workshop reviewing the City's draft Sustainability Plan which provides general non-regulatory policies that promote residential and commercial development sustainability. The workshop will not result in either the Planning Commission or the Environmental Commission taking any particular action. Instead, these Commissions and key staff will review the draft Sustainability Plan's policies which include, without limitation, low emission development, nature-based development, circular development, resilient development and equitable development that City, developers, and residents may employ. Any potential action by the City will appear on future meeting agendas for these Commissions and/or the City Council. The draft Sustainability Plan is available for public review through February 29, 2024 at 5:00pm. The anticipated outline of the workshop will follow this general order:

- Overview
- Outreach and Engagement
- Strategies and Policies
- Strategy Prioritization
- Discussion
