IN RECOGNITION AND APPRECIATION!

MICHAEL LEE

Mr. Lee was one of three individuals who came to the aid of a resident of Monterey Park. With Hoa "Tony" Luong and Kevin Lau, Mr. Lee, confronted and captured a suspect as he bludgeoned a 60 year old woman with a hammer in an attempt to steal her purse. Mr. Luong was injured in the process. Mr. Lee was driving in his car when he saw Mr. Luong fighting with the attacker and being hit in the head with a hammer. Mr. Lee grabbed the attacker and kicked the hammer from his hand. The suspect tried to get away but he placed him in a choke hold and wrestled him to the ground until the authorities arrived. Mr. Lee also said he had little time to think about his actions before getting involved. "Adrenaline takes over," he said. "When I saw (Luong) getting injured, I knew I had to help. " Though the men humbly deferred credit to each other and to law enforcement officers, they are certainly heroes and definitely saved the victims' life.
