9.A. Evaluation of the accident on Lincoln and Graves:

Staff reviewed existing conditions along Lincoln Ave such as road width, allowed curb parking, striping, and street light spacing. It is recommended to take no action related to this request as the existing width of 30' does not allow for any restriping and the distance between street lights is adequate.

10. **New Business** –

10.A. ADA blue curb ramp request review and process:

Staff presented the process of reviewing blue curb requests starting with receiving the request, reviewing existing conditions, and providing a recommendation.

10.B. Request for the Installation of “Keep Clear” at Fernfield & Markland, review and process:

Staff reviewed a request from a resident stating they are having difficulty entering the intersection of Potrero Grande Dr and E Markland Dr due to signal timing. Staff performed field visits and examined traffic conditions. Queue timing was found to be adequate, under 15 seconds, with a maximum time of 30 seconds (during peak hours). Staff recommends not installing any new pavement markings at this location.

11. Commission Communications – Commissioner Perez would like to thank the Street Division for doing a great job at painting the median curb and adding the reflective markers to each end, at the entrance to Marketplace.

Commissioner Liu commended staff for doing a great job installing the median at Garfield and Keller in front of Edison Trail Park. He also mentioned that he attended the Vision Zero workshop at Langley Center and residents were very engaged.
